

Dual Disc with Auto Dry Technology: Twice As Fast

Simple

1. Simple to use

Just put one or two scratched discs on their spindle, cover them with a magnetically locked handle and press the start button. Two to five minutes later, the discs are dry and ready for pick-up. Just a quick wipe may be required and that's it!

2. Two Discs at once

The Dual Disc repair machine can repair two discs at a time, doubling in effect the throughput you get from the competing machines in the same category. This makes it TWICE AS FAST.

3. High Throughput

Up to 120 discs per hour repair capability! This sets this machine on top of all the other machines in its class. With the Dual Disc Machine you can repair 48 to 120 discs per hour depending on the scratches depth.

4. Auto Dry Technology:

The Dual Disc repair machine automatically performs a drying cycle at the end of the repair process, to remove the liquid from the discs. The light amount of dry deposit that may still be present is very easy to remove with a quick wipe. No more disc coming out soaking wet, covered with dirty slurry or with significant drips at the end of their repair cycle.

Fast

Low Cost per Disc

How the machine works:

No Head or Paper Change:

The machine repairs the disc without needing to change the polishing head. With this technology, a special liquid (PoliCool™) is continuously recirculated to provide both the polishing action and the required disc(s) and head cooling.

What the machine uses:

Polishing Pad

Matched
Life

PoliCool™ Liquid

Features:

A Water Tank:

- 64 oz PoliCool holding tank
- No water hook-ups required!

B Scratch Depth Selector:

- Avg | Med | Deep

C Safety Lid:

- Automatic shut-off when open

D Controls:

- Push-start switch button
- On/Off Power Switch
- Low Supplies Warning Light

E Fiberglass Casing

- Will not conduct electricity
- Waterproof
- Easy to clean

F Rack-Ready Specially Molded Bottom

- Industrial Strength Motor
- Electronic Controller

General Specifications:

- Dimensions: Width: 15" (38.1cm)
Depth: 17" (43.2cm)
Height: 17.5" (44.5cm)
- Net weight: 38 lbs. (17.2 kg)
- Power: AC 100-120V
Optional: AC 220-240V
- Licensed under one or more of the following Patents: 5,593,343; 5,733,179; 5,594,566; 6,431,967; 6,547,657 and other pending patents.

Package Deal:

- 1 Dual Disc disc repair machine & Operation Manual
- Identifying Scratches
- Materials to repair 300 discs
- 8oz Spray Cleaner
- 2 Reusable Micro-Fiber Wiping Cloths
- Technical Support
- 1 Year Limited Warranty
- Extended Warranties Available
