

The Uno™

One Step Disc Repair Machine

Auto Timed Liquid Abrasive Suspension Technology

Repair Blu-Ray, DVD's, CD's, Video Game Discs all in one machine without changing pads, applying messy polish, or dealing with water to add or drain. Recirculating Liquid Abrasive Cartridge eliminates all of those hassles!

 One Step Low Cost Per Disc Operation
So Easy, No Training is Required

 New Finishing Dry Cycle
Eliminates wiping wet discs!

 Self-mixing Smart Cartridge
Supplies Repairs up to 220 Discs
informs operator when to change!

 Repairs All Formats the same way
No special steps for Blu-Ray,
Eliminating Costly "Sanding" mistakes

Simply Choose the time...

One Button Repairs, Polishes & Dries Each Disc Automatically

-  30 Seconds Repairs Light Scuffs
-  60 Seconds Repairs Average Scratches
-  90 Seconds Repairs Medium Scratches
-  120 Seconds Repairs Deep Scratches & Hard Coated Discs
-  180 Seconds Repairs Gouges & Hard Coated Discs

Uses Patented Optically Flat Disc Polishing Technology., Edge Rounding is not possible!
Uses single Pad, No Sanding pads to change out or mix up saves time & money keeps it simple.
Insert One Liquid Cartridge that mixes & recirculates, eliminates chance of over sanding!
Azuradisc's Policool 4.0 is the only Liquid Abrasive that actually smooths out scratches without sanding away layers of plastic, meaning you can repair the same disc hundreds of times!

The Uno One Step Disc Repair Machine

Simple

1. Simple to use

Place a scratched disc into the machine, close the lid. Select the repair time (choose from 30,60,90,120,180 seconds), the machine shuts off automatically when complete, the finished disc is dry and clean ready to be packaged.

2. FAST- Real Scratch Removal in 30 seconds

Not just a cleaning cycle this machine repairs and cleans average scratched discs in single 30 second run. Need to repair Deeper Scratches? Simply choose a longer cycle. This is the machine you have been waiting for. All in one step FAST repairs.

3. Low Cost Per Disc Plus historical tracking to verify!

Easy to calculate cost per disc, the long lasting supply kits repair up to 220 discs before needing to change anything! Using Smart Tag Technology, the onboard microprocessor in the machine tracks your the number of discs you repair as well as the supplies that have been used.

4. Auto Dry Feature finishes each disc clean & Dry!

Get the best of both worlds, a wet process for cool deep scratch removal, and a dry cycle to finish the discs clean. Discs will finish clean and ready to go back in the case. A feature our competitors say is the reason for such a high price difference, We still include a micro-fiber wiping cloth and spray to clean up the case, or wipe off soda or other debris from the label side of the disc.

Fast

Low Cost per Disc

Choose from 30,60,90,120,180 second time cycles

Finally a Simple One Step Solution!

No Pads, or Abrasives to change during process, No Water or Polish needed!

Supply kits lasts up to 220 discs without the need to change or touch anything! Using our **New Auto Timed Liquid Abrasive Suspension Technology** a liquid abrasive (Policool 4.0™) is continuously mixed & recirculated to provide both the scratch removal & polishing action while also keeping each disc cool during the repair. Scratch removal and final polishing is now possible in one step.

What the machine uses:

Lasts up to 220 Discs!

\$42.95
